

CS24 - Cooling Multiway Scarf

Collection: Cooling Accessories

Range: Cooling Range

Shell Fabric: Kingsmill Polyester
Stretch: 92% Polyester, 8% Elastane
180g

Product information

This Multiway Scarf can be worn in a combination of ways. The stretchy polyester elastane fabric allows for it to transform for a number of different uses but still retain its original shape.

Cooling Accessories

Portwest evaporative cooling products are constructed from an innovative PVA multi layered fabric which uses a unique polymer chemistry. Simply activate by soaking in water creating a chemical reaction within the fabric which enables the garments to act like a sponge; retaining water, keeping the body cool in hot weather conditions.

Cooling Range

This innovative range offers a comprehensive selection of products to help minimise the risk of heat stress and UV rays.

Features

- 4-way stretch fabric for ease of movement and added comfort
- This product is highly versatile and can be worn in a number of different ways
- Can be worn wet or dry
